

Manual BonTeak Guard Ring

Step 1: Lay the three pieces of the guard ring on the ground to form a circle. Make sure the numbered stickers on the back match up where the pieces connect (B54 to B54).

Step 2: Find the six sections on the guard ring that have four pre-drilled holes. Place the black clamps over these holes.

Step 3: Attach the clamps using the screws. Make sure the screws are positioned at the very bottom of the slotted holes, as shown in the image below.

Step 4: Place the assembled guard ring onto the plancha. Loosen the clamps so the bottom part slides underneath the edge of the plancha, then tighten them securely.

Step 5: Enjoy your beautiful BonTeak Guard Ring!
